

Archie's Ark

26' Viking Canal & River Cruiser

£15,000

This narrow beam Viking 26 underwent a professional dealer refurbishment in 2023, making the space feel light and comfortable throughout. After spending the year moored on a midlands canal, 'Archie's Ark' has been brought to us to be sold. The Viking 26 makes a lovely family boat for exploring narrow and wide beam waterways and would make an ideal first purchase.

Viewings are available 7 days a week by appointment please.
