

Hereward

60' Piper Replica Dutch Barge

£175,000

Built and fitted out in 2010 to the owners specifications by the renowned Piper Boatyard. This well-equipped Dutch barge is finished to their usual high standard with a host of extras including hydraulic bow and stern thrusters, Raymarine navigation and safety equipment, solar panels, self-seeking satellite dish and electric windlass. "Hereward" provides a comfortable living space and being Cat C she is capable of crossing the channel to explore the European Canals in style!
